

HOW YOU CAN HELP

By making a tax deductible donation to the Salisbury Community Synthetic Turf Fund you are giving your support to our Community and Schools. The Salisbury Community Synthetic Turf Committee is made up of a dedicated group of volunteers including parents, coaches, educators and community leaders. We need the support of local residents, friends, Salisbury alumni, families, local businesses, institutions, private foundations and civic organizations.

This Campaign offers everyone an exciting opportunity to invest in our community and to create a first class playing field and facility at

SALISBURY HIGH SCHOOL STADIUM

THERE ARE MANY OPPORTUNITIES FOR LARGE DONOR AND CORPORATE SPONSORSHIPS, INCLUDING NAMING RIGHTS.

INTRODUCTION

Having played sports at Salisbury High School, I recognized the importance of being part of a "Team". The lessons learned in my youth on the Salisbury Stadium field have carried me well into my adult life. The friendships made, the personal growth, the development of self discipline and the confidence to compete, tempered with sportsmanship and respect for teammates, coaches and opponents are with me still. Grateful for having had these opportunities, I too, have learned the importance of giving back so that others might also benefit. We have here, at Salisbury, the opportunity to do something big - for our children, for our community and for our future. This is an opportunity for the entire Salisbury Community, alumni, businesses, parents, students and friends, to come together. Please consider supporting this project in any way you can.

JASON YEISLEY
Salisbury High School "Class of 2005"

AN IMMEDIATE NEED

Due to the high demands of a typical high school sports schedule the current natural turf sport field is failing.

Over-compacted and poorly draining soil no longer support healthy grass growth. At the slightest rain the field becomes a quagmire. A good natural turf field can typically only handle 50 events per year. **In 2006 there were nearly 70 games played at the Stadium** with severe restrictions placed on use for practices and gym classes.

THE TURF PROJECT

- New Synthetic Turf Multi-Purpose Sport Field
- The Venue: Salisbury High School Stadium
- Capacity: 2250
- Location: Salisbury High School
- Estimated Cost: \$950,000
- Estimated Completion Date: August 2008
- Funding by Salisbury Township School District: \$420,000 (Already set aside for field repairs)
- Funding to be provided by Community: \$530,000

Salisbury Community's
"Field of Dreams"*

EVERYONE BENEFITS

With the installation of synthetic turf at Salisbury High School Stadium there will be flexibility to schedule events without worrying about damaging the field. Salisbury sports teams will enjoy playing on an even and consistent surface. Team practices and gym classes on the stadium field will be a reality again, and it will provide a playable surface for spring teams. The most significant side benefit - this will become a community field as community youth organizations will be invited to utilize the venue.

WE NEED YOUR SUPPORT

The Salisbury Education Foundation is a not-for-profit 501c3 organization. **Therefore, any and all donations will be tax deductible and all monies go directly to the project.** There are many different levels of support available. The Salisbury Community and most importantly it's children, will be the benefactors of this project. Many of the schools in our area will be installing, or have installed turf fields. This is a desirable feature for newcomers to the Valley who have children participating in athletics. Please review all the opportunities that are presented for giving to this much needed project.

Any level of support will be greatly appreciated.
